Emergency Structure

This ⁽¹⁾ **bar chart** ⁽²⁾ gives information about **[2-3 words]**, ⁽³⁾ which is a very interesting topic.

According to this bar chart, we can see that **[2-3 words]** has a maximum number that is nearly **[2-3 words/1 number]**. However, we find that **[2-3 words]** has the lowest number that is nearly **[2-3 words/1 number]**. These numbers increase quickly in the first period, but the figure of **[2-3 words]** is going down sharply in the second period.

⁽⁴⁾ In conclusion, after analyzing this information, ⁽⁵⁾ we can say that the demand for **[2-3 words]** is going to rise in the future.

CHÚ THÍCH

Khi sử dụng emergency structure, cần đảm bảo thay thế được nhiều thông tin trên hình để đảm bảo điểm. Nếu thay thế được quá ít hoặc thông tin không liên quan hình, khả năng cao bài làm sẽ không có điểm.

Các cụm từ dưới đây có thể được thay thế linh hoạt thành các cụm từ có nghĩa tương đương, nhằm tăng sự đa dạng về cách dùng từ vựng hơn cho bài mô tả.

⁽¹⁾ **bar chart**: có thể được thay thế bằng các loại pie chart / line chart tùy theo từng hình.

⁽²⁾ **gives information about**: có thể được thay thế bằng cột chứa các **động từ** tả biểu đồ.

⁽³⁾ **which is a very interesting topic**: khuyến khích thay thế bằng các **đối tượng, thời gian và đơn vị** trên biểu đồ.

⁽⁴⁾ **In conclusion, after analyzing this information**: có thể được thay thế bằng cột chứa các **discourse marker** khác để đưa ra kết luận.

BÀI MẪU THAM KHẢO

Các bài mẫu dưới đây mang tính tham khảo, một vài chi tiết có thể không bám sát dàn ý bên trên. Học viên hoàn toàn có thể linh động khi làm bài, không cần chính xác theo dàn ý, miễn sao học viên có thể nói trôi chảy và các thông tin khi nói đều liên quan đến hình.

Các loại biểu đồ

1. Nhiều mốc thời gian

DI 171 (Audio - [bấm vào đây](#) để truy cập)

This line chart shows the manufacturing output in the UK, from 1999 to 2007, measured in percentage.

First of all, we can see that the output reached its peak at nearly 105% and hit the lowest at nearly 95% between 1999 and 2003. In addition, it had the lowest figure of 99% and increased to the highest rate of 103% from 2004 to 2007.

In conclusion, there was an upward trend in the manufacturing output in the UK.

Evolution of success rate in Canada - 1999 to 2002

DI 4 (Audio - bấm [vào đây](#) để truy cập)

The bar chart demonstrates the evolution of success rate in Canada, from the year 1999 to 2002, including failures and successes, expressed in percentage.

Initially, failures hit the highest at 34 percent in the year 1999 and the lowest figure of 12.5 percent in 2002. Conversely, successes had the lowest rate of 66 percent in 1999 and reached its peak at 87.5 percent in 2002.

In conclusion, there was an upward trend in successes and a downward trend in failures rate.

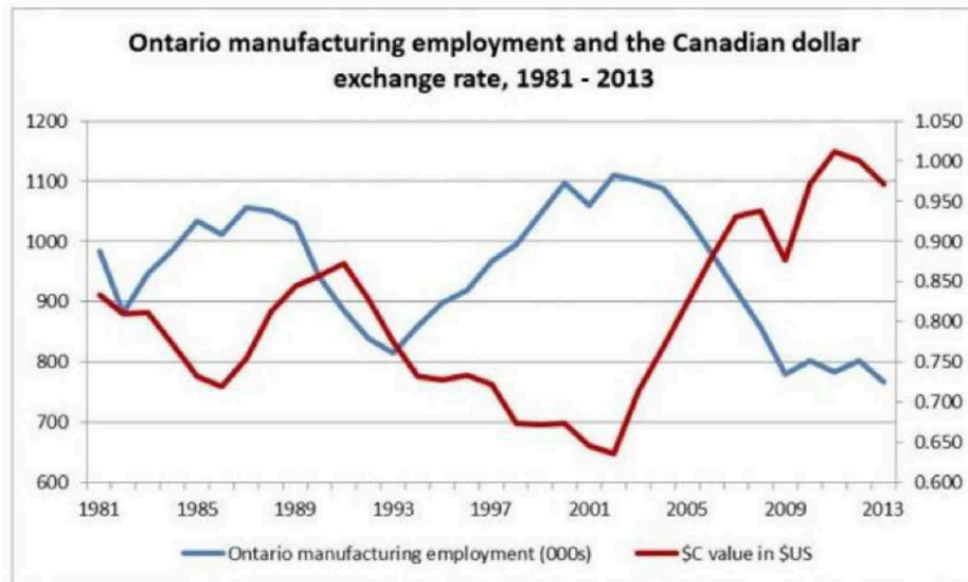

0450 383 579

0345 939 566

DI 38 (Audio - bấm [vào đây](#) để truy cập)

The line chart presents Ontario manufacturing employment and the Canadian dollar exchange rate from 1981 to 2013, measured in dollars.

First of all, it is clear that Ontario manufacturing employment had the minimum number of \$800 in 1993 and the maximum number of over \$1100 in 2010. On the contrary, \$C value in \$US reached its trough at below 700 in 2001 and rose to the top at nearly 1200 in 2010.

In conclusion, the chart shows a climb in \$C value in \$US and a fall in Ontario manufacturing employment.

0345 939 566

(a)
Percentage of Average
Family Expenses in 1997

(b)
Percentage of Average
Family Expenses in 2002

DI 103 (Audio - bấm [vào đây](#) để truy cập)

The pie charts show the percentage of average family expenses in 1997 and 2002.

To begin with, housing had the lowest rate of 25% in 1997 and the highest rate of 32% in 2002. Likewise, food and drink had the lowest figure of 18% in 1997 and the highest figure of 22% in 2002.

Overall, the data indicates a steady rise in housing and food and drink.

0450 383 579

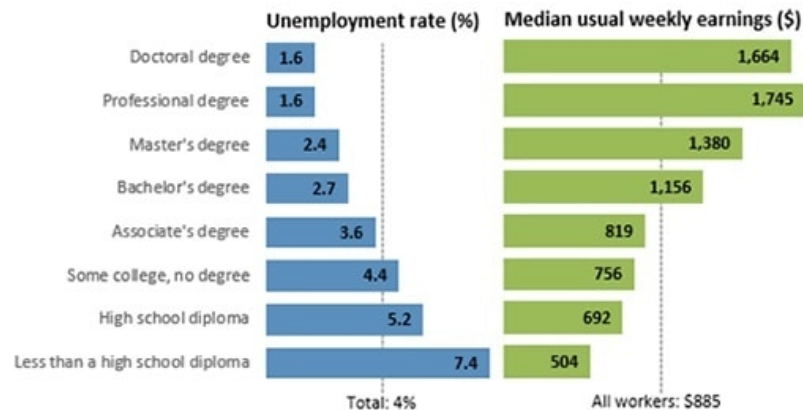

0345 939 566

2. Một mốc thời gian

Unemployment rates and earnings by educational attainment, 2016

DI 9 (Audio - [bấm vào đây](#) để truy cập)

This bar chart shows unemployment rates and earnings by educational attainment in the year 2016 (represented in percentage and dollars).

To begin with, the data shows that (people with) less than a high school diploma had the highest rate of (7.4 percent). However, we can see that (people with) a doctoral degree had the lowest rate of (1.6 percent).

Aside from that, the chart shows other figures, which includes professional degree (at 1.6 percent), master's degree (at 2.4 percent), and bachelor's degree (at 2.7 percent).

In conclusion, there is a noticeable difference between the unemployment rates and earnings by educational attainment.

0450 383 579

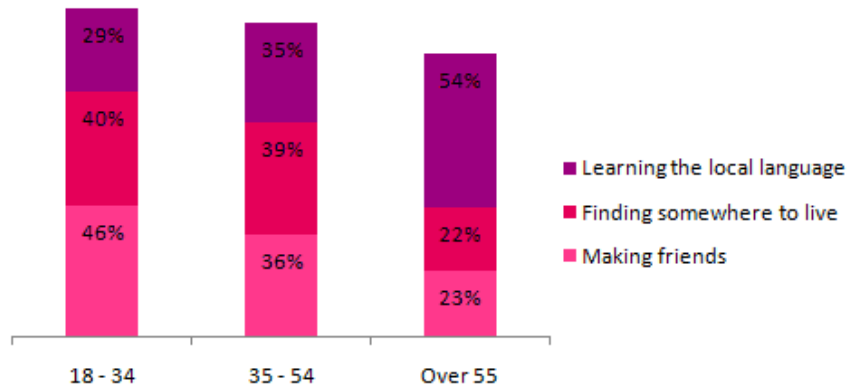

0345 939 566

Integration challenges (%) age group

Average percentage number of reported challenges per person

DI 2 (Audio - [bấm vào đây](#) để truy cập)

This bar chart depicts integration challenges by age group, expressed in percentage.

First of all, we can observe that learning the local language had the highest figure of 54% (for those over 55). However, we notice that making friends had the lowest rate of 23% (for those over 55).

Moreover, the chart provides further figures, such as finding somewhere to live (at 22%, 39% and 40%) for the three age groups: over 55, 35-54, and 18-34 respectively.

To conclude, the variation is minimal for the average percentage number of reported challenges per person.

■ The Process of Pu-erh Raw Tea and Ripe Tea

Bản mô tả **CHI TIẾT** (dùng để bổ sung vốn từ vựng)

- (Audio - bấm [vào đây](#) để truy cập)

This image shows the process of making Pu-erh raw tea and ripe tea.

The process starts with pan frying to inactivate enzymes, followed by rolling and drying under the sun to produce loose raw tea. For raw tea, the loose tea is compressed into Pu-erh raw tea, which can be aged through storage to become vintage Pu-erh raw tea. For ripe tea, loose raw tea undergoes fermentation by mold to become loose ripe tea. It is then compressed into Pu-erh ripe tea. Overall, the image explains the different steps involved in creating raw and ripe Pu-erh tea, highlighting their distinct processes.

Keywords:

- Pu-erh tea process
- Raw tea: pan frying, rolling, drying, compression, aging
- Ripe tea: fermentation, compression
- Loose tea
- Vintage tea
- Fermentation by mold

This picture shows the process of milk tanker daily delivery to dairy, including cheese, cream and butter.

First of all, I can see cows grazing. Next, it leads to milking machine twice a day and refrigeration storage. And then, it moves on to dairy and milk. After that, it continues with milk pasteurized and packaged. Finally, it ends with supermarkets and shops.

To conclude, there are 7 steps in this process that connect to each other to create milk tanker daily delivery to dairy.

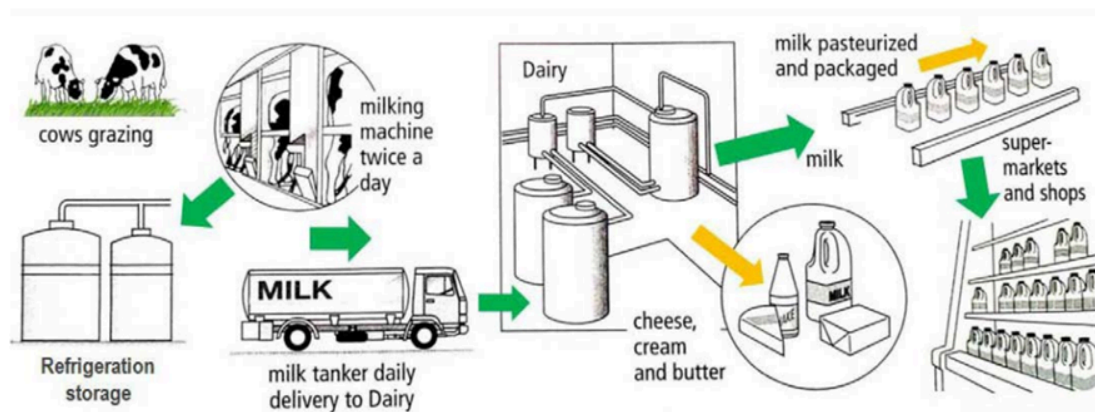

0450 383 579

0345 939 566

Bản mô tả **CHI TIẾT** (dùng để bổ sung vốn từ vựng) - (Audio - bấm [vào đây](#) để truy cập)

This image shows the process of milk production and distribution.

It starts with cows grazing, followed by milking twice a day using milking machines. The milk is stored in refrigerated tanks and transported daily by milk tankers to a dairy.

At the dairy, milk is pasteurized and packaged. It is also processed into products like cheese, cream, and butter. The packaged milk is sent to supermarkets and shops for consumers.

Overall, the image highlights the journey of milk from farms to consumers, ensuring freshness and quality.

Keywords:

- Milk production
- Cows grazing
- Milking machines
- Refrigeration storage
- Milk tankers
- Dairy processing
- Pasteurization
- Cheese, cream, butter
- Packaging
- Supermarkets and shops

Bản mô tả **ĐƠN GIẢN** - (Audio - bấm [vào đây](#) để truy cập)

The picture shows a tree (planted in the ground).

On the upper side of the picture, I see a green tree with leaves, twigs, and branches. On the lower side of the picture, I can see the trunk and the roots of the tree in the ground.

In fact, the focus of the picture is the big tree with green leaves, brown trunk and yellow roots, planted in the brown earth.

Overall, the image highlights the green tree and its connection with leaves, twigs and branches.

Bản mô tả **CHI TIẾT** (dùng để bổ sung vốn từ vựng) - (Audio - bấm [vào đây](#) để truy cập)

This image illustrates the main parts of a tree.

At the top, the **crown** includes green **leaves**, **twigs**, and **branches**, forming the visible upper structure of the tree.

In the middle, the **trunk** serves as the main support, connecting the crown to the roots. Below the surface, the **roots** spread out in the soil to anchor the tree and absorb nutrients.

Overall, the image highlights the tree's structure, emphasizing how each part contributes to its growth and stability.

Keywords:

- Tree structure
- Crown
- Leaves, twigs, branches
- Trunk
- Roots
- Nutrient absorption
- Support and stability

Bản mô tả ĐƠN GIẢN - (Audio - [bấm vào đây](#) để truy cập)

This picture shows the position of two hands on a keyboard.

On the upper-left side of the picture, we can see two hands are placed on a keyboard and it's right. On the upper-right side, we can see two other positions of the hands that are wrong.

Apparently, the lower-left side of the picture shows the right way to touch the keyboard with fingers, and the lower-right side shows the wrong way.

Overall, the image highlights the right way and the wrong ways of using a computer keyboard.

Bản mô tả **CHI TIẾT** (dùng để bổ sung vốn từ vựng) - (Audio - bấm [vào đây](#) để truy cập)

This image demonstrates the correct and incorrect ways to position hands and wrists while typing.

On the top left, the **correct hand position** is labeled "RIGHT!" in green, with hands spread evenly and wrists straight. On the top right, incorrect positions are marked "WRONG!" in red, showing hands too close together or bent unnaturally.

On the bottom left, the **correct wrist position** shows straight wrists resting lightly on the keyboard, labeled "RIGHT!" in green. On the bottom right, incorrect wrist positions, such as raised or angled wrists, are labeled "WRONG!" in red.

Overall, the image emphasizes proper typing posture to avoid strain and ensure comfort.

Keywords:

- Typing posture
- Hand and wrist positions
- Correct: Straight wrists, spread hands
- Incorrect: Bent fingers, raised wrists
- Ergonomics
- Avoiding strain
